Women's Day Special Crash Course

## DIPLOMA IN COSMETIC GYNECOLOGY

### About Nadkarni Medical Training Academy

Nadkarni Medical Training Academy (NMTA) is a globally renowned institution that has trained over 2,800 doctors worldwide. With its exclusive hands-on approach, NMTA provides unparalleled exposure to advanced Assisted Reproductive Technology (ART) techniques. Trainees gain practical experience with over 100 IVF and endoscopy cases, ensuring they develop the expertise needed to excel in their field.

NMTA offers specialized training in ART, Endoscopy, Ultrasound (USG), Embryology, Cosmetic Gynecology, and Head & Neck Oncology. With expert faculties, live case discussions, and access to cutting-edge resources, NMTA equips doctors with the confidence and skills to establish their own IVF and endoscopy setups.

**Trained over 2800 students worldwide across 23 countries.**

#### Courses Available
